STOPPING THE KILLING NOW with a BIPARTISAN Win-Win Grand Deal = SAVING LIVES +
Pulitzers

"If I had been President, Putin would NEVER have invaded Ukraine and Hamas would NEVER
have attacked Israel... This Attack (tonight) would NEVER have happened." -- Pres. Trump,
4/13/24

As I write to you this evening, it appears that Iran's "Show of Force" is winding down. But if
Israel had taken the opportunity to Preemptively Strike Iran's Nuclear Facilities or even Ballistic
Missile Sites, things could have easily Escalated up to and including WWII. **This is No Way to
Run a World.** Simply put, YOU, NPR and the Mean Stream Media (MSM) have a Decision to
Make. You can pretend that "**87 Registered Democrats and ZERO Republicans**" in your DC
Editorial Staff is on some planet "acceptable," let alone "Diverse," OR You can Decide to put
"PUBLIC" back into "National Public Radio." The Choice is Yours (and Congress') to Make. The
Time to Choose is NOW.

You and NPR do Not necessarily have to "Support" Pres. Trump to be "Fair." But, if you
Continue with **CENSORSHIP** and **DOUBLE STANDARDS** and REFUSE to Seek, let alone Tell,
the TRUTH, Democracy, America and, potentially, even the World May be Over. Just as with
Iran, if Xi takes Biden's *Weakness* as a Signal to Invade Taiwan, we can have WWII Before
November. And, as noted below, China could easily Win WWII in Days with a Super Virus if we
do not **Stand TOGETHER Now.**

As I outlined below and in my new book, STOLEN, a **BIPARTISAN Win-Win Grand Deal**
(BWWGD) can bring the Country and the World TOGETHER with a **PARADIGM SHIFT** from
Lose-Lose "Politics and War as Usual" to genuine Win-Win GOOD GOVERNMENT based on
GOOD SCIENCE leading to GOOD OUTCOMES for the GOOD of ALL. We can even **PARDON**
the Bidens in return for Dropping All Charges against Trump et al as a way of showing the
World that we are Serious about Moving TOGETHER for the Good of ALL. Let the true
WINNERS be the PEOPLE of America and far beyond.

As you can read in the attached as well as in STOLEN, my Global Energy Independence
Program (GEIP) can provide clean, renewable **GEOTHERMAL** Energy that not only SAVES \$2-
3T/yr, but can quickly be used as LEVERAGE to STOP THE KILLING in the Middle East,
Ukraine and far beyond. As with all Good Science, DETAILS MATTER. By having a SELF-
CONTAINED System, with a Gradient of 33°/km, if you dig Holes anywhere and everywhere
around the World <3 Miles Deep, you can get to 100°C Safely and Efficiently instead of using
Fracking which is neither. Also, by setting up GEIP Foundations first in Gaza, not only could it
pay for UN PEACEKEEPERS to go into Rafah INSTEAD of the IDF, it could easily fund
Universal Healthcare, Education and JOBS (e.g., Reconstruction) in return for **Stopping Hate
Speech** in the Media, Online, Schools, Mosques, etc. and Recognizing Israel's Right to Exist.
With GEIP-Powered Desalinization plants, we can literally turn the Sinai Desert into Fertile
Farmland providing Food, Jobs and, potentially, a New Palestinian Homeland.

Similarly, if the only thing a BWWGD does in America quickly is to have Afterschool
Programs for our Children and JOB Programs, especially for those on Probation and Parole, we
can CUT Crime >50% still in 2024. As I note in ending The Chicago Project, "The Manhattan

Project built the Bomb. With the Chicago Project, we can all help to Build the PEACE.... **With GEIP-powered desalinization plants, we can turn Deserts into Gardens in the Middle East and far beyond.** With Safe Haven, we can transform Violence and Despair into JOBS and HOPE throughout the World. And in the process, PROFOUND GOOD will have been done for the Benefit of ALL. --Kimball Ladien, MD

“Highest Authorities” -- Clear **BIAS** and **CENSORSHIP** at **NPR** and other **Mean Stream Media (MSM)**

On 4/9/24, a long-time Editor at National Public Radio, **Uri Berliner** “issued a lengthy rebuke of NPR’s media coverage of major news stories over the last few years” as reported by Hanna Panreck. Among the incidents mentioned by Berliner are examples such as the Hunter Biden laptop and the Covid lab leak theory. He also called out the outlet’s “efforts to damage Trump’s Presidency.”

Berliner noted that “I listened as one of NPR’s best and most fair-minded Journalists said **it was good we weren’t following the laptop story because it could help Trump.**” Specifically, Berliner quoted NPR Managing Editor for news, Terrence Samuel, saying “We don’t want to waste our time on stories that are not really stories, and we don’t want to waste the listener’s and reader’s time on stories that are just pure distractions.” **CENSORSHIP and Political BIAS are Alive And Well at NPR.**

Berliner also cited the example Adam Schiff, “who, as the Top Democrat on the House Intelligence Committee, became NPR’s Guiding Hand, it’s ever-present News. By my count, NPR hosts interviewed Schiff 25 times about Trump and Russia.... But when the Mueller Report found **No credible Evidence of Collusion**, NPR’s Coverage was notably Sparse. RussiaGate quietly faded from our programming.” Bravo Uri for Courage. It gives “**Ich bin ein Berliner**” a whole new meaning....

Thus, NPR’s Ideological Bias is not only Clear, it is directly related to lack **LACK of “Political Diversity” at NPR.** Being an actual Reporter by temperament, Berliner actually **INVESTIGATED** NPR’s own Staff and noted “In DC where NPR is headquartered... **87 Registered Democrats [were] working in Editorial Positions and ZERO Republicans.** None. So on May 3, 2021, I presented the finding at an all-hands Editorial Staff Meeting. When I suggested we had a “Diversity Problem”... The response wasn’t hostile. It was worse. It was met with Profound Indifference.” Berliner concludes by noting that “**An open-minded spirit no longer exists within NPR...** That wouldn’t be a problem for an openly polemic news outlet serving a niche audience, but for NPR, which Purports to **Consider ALL THINGS**, it’s devastating both for its Journalism and its Business Model.”

In response to Berliner’s Critique, NPR’s Editorial Wagons quickly Cirled. The New President and CEO of NPR, Katherine Maher, on 4/12/24 sent out an extended Memo to “all staff.” While Maher states that “We fulfill our Mission BEST when we “look” and “sound” like the Country we Serve,” she makes no mention of Berliners Finding of “**87 Registered Democrats and ZERO Republicans**” among NPR’s DC Editorial Staff. So too, on 4/10/24, NPR Media Correspondent, David Folkenflick, proudly noted that “4/10 staffers (at NPR) are People of Color” and “Nearly Half of NPR’s Leadership identifies as Black, Asian or Latino.” Thus, Folkenflick tries to substitute *Racial* Diversity for **Political** Diversity which is NONEXISTENT (“ZERO” Republicans) on NPR’s Senior Editorial Board

Finally, Folkenflick quotes NPR's Chief News Executive, Edith Chapin, that "we believe that Inclusion-- among our staff, with outsourcing, and in our Overall Coverage-- (is Critical) to Telling our "nuanced" Stories of this Country and our World." But, clearly, this "Inclusion" has NOTHING to do with Political Diversity, only the DEI-Hard Groupthink "Diversity" of the Radical Left. This MUST Change. Thus, as noted in the Attached Letter to NPR CEO Maher, she can DEMONSTRATE NPR's COMMITMENT to True DIVERSITY of Political Viewpoints by not only Hiring Trumpian Conservatives on its Editorial Boards, but Instructing Damon Dunn of Clark Hill to SETTLE my Defamation Case against the NPR Subsidiary, Chicago Sun-Times, and PUBLISH/Broadcast the TRUTH about OMDY and STOLEN Before they are called before Congress to "Explain" their clear CENSORSHIP and Bias.

STOPPING THE KILLING NOW-- SETTLING the Case with a **BIPARTISAN Win-Win Grand Deal**

Dear Mr. Dunn and Judge Patton,

"This Case will be Resolved when we STOP THE KILLING; CUT Crime >50%; >85% of Americans know who Don Young and Larry Sinclair are; the Bidens have been PARDONED; and All Charges have been Dropped against Pres. Trump et al to show the World that we have LEARNED from Hx."

--It is fitting that Pres. Trump's Stormy Daniels Trial starts on 4/15/24.

-- It is more than Appropriate to Note that Iran could have Easily started WWII yesterday (4/13/24) had both Bibi and Biden not shown Restraint by not immediately taking out Iran's Nuclear Facilities.

-- It is more than Appropriate that Uri Berliner, a lifetime Liberal, would Finally FIGHT BACK at clear DEI-Hard Radical Bias at Racially Diverse, but Politically SEGREGATED NPR (87 Democrats; **ZERO** Republicans) with Similar Political BIAS at the Current Chicago Sun-Times. (Censorship and DJD).

-- It is also appropriate that this Hearing will be on the Day when Americans Pay for our Sad System

-- And Finally, it is more than Appropriate that the Original First Letter in STOLEN was to Rep. Jordan and his Committee on the WEAPONIZATION of Government where you Both, along with the CEO of NPR, Katherine Maher, and the Managing Editor of The Sun Times, Jennifer Kho, will ALL have the Opportunity to "Explain" yourselves UNDER OATH to the American People. Good Luck with That.

-- In a Democracy, this is Exactly as it should be for there can be no Democracy without the TRUTH.

As noted above, this case can easily be SETTLED with a **BIPARTISAN Win-Win Grand Deal** to:

-- STOP THE KILLING NOW in the Middle East and Ukraine using my Global Energy Independence Program (GEIP = \$2-3T/yr) as LEVERAGE to have UN Peacekeepers go into

Rafah INSTEAD of the IDF so that No one Needs to DIE or even be Displaced in return for the Release of ALL Hostages.

-- GEIP can provide clean, renewable **GEOTHERMAL** Energy that can Do Profound Good around the World if only there is the LEADERSHIP with BWWGD to help make it so.

-- In addition to UN Peacekeepers, a Gaza GEIP-Foundation can help Fund Universal Healthcare, Education and Jobs (Reconstruction) in return for Stopping All Hate Speech and recognizing Israel's Right to Exist in **PEACE** with its Neighbors. This Model can be Replicated across the World. (STARTS)

Similarly, if the only thing a BWWGD does in America quickly is to have Afterschool Programs for our Children and JOB Programs, especially for those on Probation and Parole, we can CUT Crime >50% still in 2024 while we PARDON the Bidens in return for Dropping All Charges against Trump.

As I note in ending The Chicago Project, "The Manhattan Project built the Bomb. With the Chicago Project, we can all help to Build the PEACE.... **With GEIP-powered desalination plants, we can turn Deserts into Gardens in the Middle East and far beyond**. With Safe Haven, we can transform Violence and Despair into JOBS and HOPE throughout the World. And in the process, PROFOUND GOOD will have been done for the Benefit of ALL. In this as in All Things, **May GOD's Will be Done**. Kim/Kimball Ladien, MD 773/520-7161 kladienmd@yahoo.com KLCHDunNPRMaqher14Apr24
