

Dear Barbara, Nisan, et al.,

Safe Haven + GEIP = BiCon = **STOPPING THE KILLING NOW** in Chicago, Ukraine and Far Beyond!!!

“If we can get ALL of the Mayoral and Aldermanic Candidates to Endorse a BIPARTISAN Contract for Chicago (BiCon), just like with Reversing the Chicago River, we can **STOP THE KILLING NOW!!!**”

As I mentioned on the phone, within ONE YEAR of Reversing the Chicago River in 1900, the 63 YEARS of Severe Epidemics of Cholera and Typhoid were ENDED. Simply put, ***when you Know What to do and Do It, PROFOUND GOOD can be done.*** So too with STOPPING THE KILLING NOW with a BIPARTISAN Contract for Chicago/Illinois/America (BiCon). But LEADERSHIP takes Effort and Unity.

By CRLMC in particular taking the **LEAD** in this matter, as noted above, “If we can get ALL of the Mayoral and Aldermanic Candidates to Endorse a BIPARTISAN Contract for Chicago (BiCon), just like with Reversing the Chicago River, we can STOP THE KILLING NOW!!!” ***“Politics as Usual” MUST END.***

In this context, the proposed Resolution by the CRLMC could be just the “Medicine” that the Doctor ordered. And You and the Council are welcome to take the Credit for Making This Happen.

While I understand that you generally prefer more time to review Resolutions, because the Mayoral and Aldermanic elections are on 2/28/23, *if you will allow me to Present these proposals at your meeting, there is Still Time to Make A Difference.* Simply put, if ALL of the Mayoral and Aldermanic Candidates Endorse BiCon, the True WINNERS will be the PEOPLE of Chicago and far beyond.

If we actually CUT Crime, Drugs, Abuse and Joblessness by >50% even “just” in Chicago in 2023, we would be a MODEL for the Country on how to achieve PROFOUND GOOD on a BIPARTISAN basis.

Similarly, as discussed in BiCon, my Global Energy Independence Program (GEIP) provides clean, renewable, Constant Energy that SAVES \$2-3T/yr globally. In Illinois, GEIP would save far more than enough to not only fund Safe Haven, but pay off our Debts WITHOUT having to Raise Taxes. ***I will Share the simple equation underlying GEIP with you if you will Endorse BiCon BEFORE the Elections.***

Resolution to Support BIPARTISAN Contract for Chicago/Illinois/America (BiCon)

Whereas, CUTTING Crime, Drugs, Abuse and Joblessness >50% in 2023 and even greater in future years with Safe Haven are important Religious as well as Social Goals; and

Whereas, providing the World with clean, renewable, constant Energy that can potentially SAVE \$2-3T/yr and help with the implementation of Safe Haven and similar Prevention-Oriented, Community-Based programs both in America and beyond; and

Whereas, we wish to Strongly Encourage a PARADIGM SHIFT from Lose-Lose “Politics as Usual” to Win-Win GOOD GOVERNMENT based on GOOD SCIENCE;

We Encourage ALL Politicians of ALL Parties and Ideologies to support a BIPARTISAN Contract for Chicago/Illinois/America (BiCon) so that the true WINNERS in Future Elections will be the **PEOPLE** both in America and far beyond. In this as in all things, May God’s Will be Done—Kim

BIPARTISAN Contract for Illinois--FIXING THE SYSTEM ONCE AND FOR ALL

CUTTING Crime, Drugs, Abuse and Joblessness >50% in 2023; >95% in 2025 WITHOUT Raising Taxes

Towards a Gang-Free, Drug-Free, Full-Employment Economy in Illinois by 2025

1. Safe Haven—A PENNY OF PREVENTION IS WORTH A DOLLAR OF CURE.

Safe Haven is a series of PREVENTION-oriented, community-based initiatives aimed at breaking the cycles of gangs, drugs, abuse and joblessness in Illinois once and for all. Much as with the CCC and WPA from the Depression era, a Community Service Corps, CSC, would provide unemployed able-bodied persons JOBS in the private and public sectors thus helping individuals contribute *positively* to society even as they look for other work on a more permanent basis.

As noted, the motto for Safe Haven is A PENNY OF PREVENTION IS WORTH A DOLLAR OF CURE. If we can reduce gang crime, drugs, abuse and joblessness by even 10%, we would be SAVING Illinois >\$400M annually. By reinvesting some of the savings into further expanding community-based, prevention-oriented programs such as affordable day care and afterschool programs for our children, we could achieve a multiplier effect with even greater savings, both financial AND human, in future years.

If the ONLY thing we do quickly is to implement After School programs for our children and JOB Programs for ALL individuals, including those on Probation and Parole, we can dramatically Reduce Gang Crime and Drugs and help make Chicago a Model for the Country on the way towards achieving a Gang-Free, Drug-Free, Full-Employment Economy in America that SAVES LIVES and Billions of Tax Dollars-- a good start indeed to Paying Off the Pensions and CUTTING TAXES.

2. Global Energy Independence Program (GEIP) = \$2-3T/yr = SAVING LIVES and CUTTING TAXES

GEIP is based upon a very simple equation that can provide a clean and renewable energy source that on a global scale can SAVE \$2-3 TRILLION/Year of the \$5-7T spent annually primarily on carbon-based energy sources. With the understanding that the first demonstration site for these programs will be in Illinois, we could be SAVING literally BILLIONS of dollars annually while helping the environment, businesses and the great, hard-working tax-payers and citizens of Illinois in the process.

3. Building a Better Win-Win World in Illinois, America and Far Beyond Based on GOOD GOVERNMENT

We are Republicans, Democrats AND Independents. We Liberals AND Conservatives. We are Capitalists AND Socialists. We are EVERYONE of ALL Faiths and Ideologies. But, above all, we are SCIENTISTS at heart who wish to move beyond "Politics as Usual" to genuine GOOD GOVERNMENT based on GOOD SCIENCE where we *Always Seek the TRUTH, Best Practices and the Win-Win Way.*

Not only can we STOP THE KILLING in Illinois, but far beyond indeed. As noted in The Chicago Project: "The Manhattan Project built the Bomb. With the Chicago Project, we can all help to Build the PEACE... With GEIP-powered desalinization plants, we can turn Deserts into Gardens in the Middle East and far beyond. With Safe Haven, we can transform Violence and Despair into JOBS and HOPE throughout the World. And in the process, PROFOUND GOOD will have been done for the Benefit of ALL.

Let these be goals to bring Illinois, America and the World TOGETHER.

Dear Mayor Lightfoot, Council Members, Supt. Brown and Others,

Safe Haven Summer of Tough Love = SAVING LIVES+Tax Dollars = GOOD SCIENCE + GOOD GOVERNMENT

"There is no higher calling than restoring Peace and Safety to our Neighborhoods"--Mayor Lori Lightfoot, Inauguration Speech, May 20, 2019

From its Incorporation in 1837 until 1900, Chicago had yearly Epidemics of Cholera and Typhoid. All of these senseless deaths ended abruptly with the Reversal of the Chicago River. Simply put, when GOOD SCIENCE and GOOD GOVERNMENT work TOGETHER, Win-Win Miracles can happen for the GOOD of ALL.

As a Physician and a Scientist, I have two programs, Safe Haven and GEIP, that can finally CUT the Curves of Crime, Drugs, Abuse and Joblessness-- SAVING LIVES and Tax Dollars and making Chicago a Model for the Country and the World. A PENNY OF PREVENTION truly IS WORTH A DOLLAR OF CURE (SH/CP).

Safe Haven is a series of Community-Based, Prevention-Oriented Programs aimed at Breaking the Cycles of Gangs, Drugs, Abuse and Joblessness ONCE AND FOR ALL. A Community Service Corps (CSC), much like FDR's CCC and WPA, would create Win-Win JOBS for ALL in the Public and Private Sectors.

If the ONLY thing we do in 2021 is to implement the Afterschool programs for our children and JOB Programs for ALL individuals on Probation and Parole, we can easily reach the initial goal of Reducing Gang Crime and MURDERS >50% and help make Chicago a Model for the Country on the way towards achieving a Gang-Free, Drug-Free, Full-Employment Economy in America that SAVES LIVES and Billions of Tax Dollars-- a good start indeed to Paying Off the Pensions and CUTTING TAXES.

In addition to enclosing my "Safe Haven + Operation Legend" 2020 proposal to the DOJ, I have also included letters from Governor Edgar and Bush 41's Chief of Staff Sam Skinner and a letter from Bob Petrus, who had as an Engineer worked closely for years with Jack Welch at GE. The first two letters from 1992 simply illustrate that I have been successful in getting BIPARTISAN Support for Safe Haven for the past 30 Years. In many ways, the Lightfoot and Pritzker Administrations are Perfect for helping to implement these programs -- first in Illinois, then in America and, ultimately, far beyond indeed.

The letter from Bob Petrus is there to note that, as a Scientist as well as a Physician, my Global Energy Independence Program (GEIP) can provide clean, renewable Energy that SAVES \$2-3T/yr globally. In the United States, GEIP can save approximately \$1T/yr -- more than enough to help fund Universal Healthcare and Education on a BIPARTISAN Win-Win basis. Simply put, I will gladly Share GEIP with you.

By simply moving from "Catch and Release" to "Catch and Sentence," we truly CAN Reduce Crime and Murders > 50% in 2021 and then even better over time. By having Alternative Sentencing Programs for Nonviolent Adolescents and Adults, emphasizing Afterschool Programs and JOBS, we can go far towards Breaking the Cycles of Gangs, Drugs, Dropouts, Abuse and Joblessness in a Win-Win Way. But, to have an Effective Treatment, you must Start with an Accurate Diagnosis and have the Proper Tools. Below, is a timeline of interventions for a "Summer of Tough Love" that can be rigorously evaluated with OUTCOMES-based practices to move us from "Politics as Usual" to genuine GOOD GOVERNMENT.

The Manhattan Project Built the Bomb. The Chicago Project would help us All Build the Peace-- both here and far beyond. Better late than never. Time will tell. May we Always Seek the TRUTH and the Win-Win Way. --Kimball Ladien, MD 773/520-7161 kladienmd@yahoo.com KLLoriLChgoCouncSH1Jul21
