Obama's Mother's Naked Pictures: The Link to Communist Pornographer and Sex Fiend Frank Marshall Davis, His REAL FATHER

STANLEY ANN DUNHAM, OBAMA'S MOTHER.

On Friday there was an extraordinary conversation on American Renaissance.

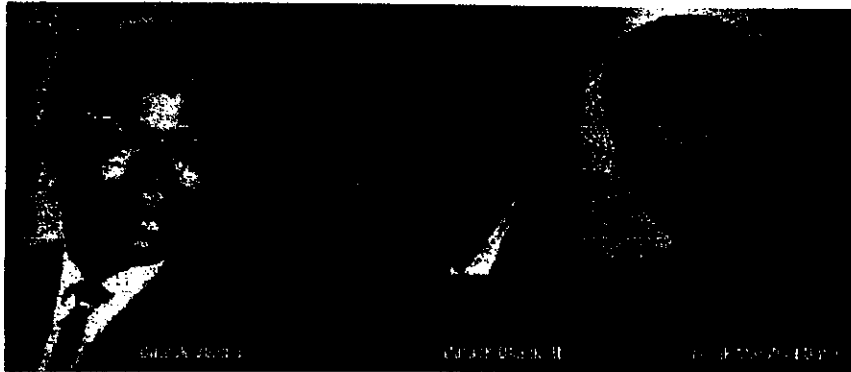

For those Americans unfamiliar with Barack Obama's family history, the real history, the authoritative comments from several commentators would be truly eye-opening.

The facts reveal a great deal about Obama's psyche, helping explain his anti-white racist mindset. If you had a mother like Stanley Ann Dunham, then you too might not think too highly of women or white people.

I know this is an old topic but it's one that we need to keep on the tip of our brains as Obama begins his final laps around the track, using all his energy and passion to wreck vengeance on the country he hates.

Frank Marshall Davis is Obama's biological father. See the video documentary by Joel Gilbert "Dreams from my Real Father." This video is available through World Net Daily and other sources for about \$20. It is 90 minutes long and very well done.

Ann began her relationship with Davis by listening to jazz albums. She then began posing nude for him; he was an amateur photographer, and he photographed various women. He then sold the photos to girlie magazines. Nude photos of Ann are available online and in Gilbert's documentary. She was just 17 and had a petite figure.

Boys

After the nude photo, sex followed. Ann Dunham began fornicating with Davis in the autumn of 1960. When she got pregnant, her father and Davis came up with the idea to find a "fall guy" to pose as the father - for a fee, of course. The Kenyan Goat Herder, Barack Obama, Sr., was their choice. There weren't many young Blacks to choose from.

Davis, then 55, was married to a white woman, Helen Caryfield, and they had five children. He said he couldn't afford the scandal of being divulged as Obama's father. Stanley Dunham had his reasons for the cover-up; he was reportedly an agent for the FBI, and the fact that the main Communist organizer in Hawaii impregnated his daughter would have cost him his job.

Ann Dunham was about 5' tall. The Goat Herder was about 5' 5". Obama is 6' 2"; Davis was exactly 6' 2" (Obama is left-handed; Davis was left-handed. Do an online search for Frank Marshall Davis and Ann Dunham. There are photos that show a comparison of facial features between Davis and Obama.

There are no photos of any type of relationship between Ann and the Goat Herder during the time that the two were "supposedly" going together in the fall of 1960. It appears that they didn't even know each other.

The first photos of Ann and the Goat Herder were taken in 1971 when the Goat Herder visited Ann and Barack in Hawaii; the photos were taken at the airport.

Barack junior was 10 years old. The reason that the Goat Herder was visiting was because both parents had to appear at the private school where the grandparents wanted to enroll Obama. The Goat Herder was paid handsomely for this visit.

High School girlfriends of Ann relate that she did not go out with regular white guys. She was a political radical and a rebel; in the late 1950s, rebels often embraced communism. Davis was a flaming communist.

One reason that Ann was an outsider is because her father insisted that she be named after him. He was off in WWII and afraid that he might not come back. He wanted his name to be carried on. Her given name is Stanley Ann Dunham. No wonder she didn't like white guys.

I have concluded that Ann flew to Kenya to have the baby in 1961 in order to solidify the sham story that the Goat Herder was the biological father. There are eye-witness reports that she gave birth in Kenya. These people were hushed up.

2 - Coincidentally, Davis was born and raised in a small Kansas town about 50 miles from where Stanley Dunham and his wife were born and raised. Davis attended college, became a communist and moved to Chicago where he met his wife, Helen Canfield; she was also a communist organizer. It was recommended that they move to Hawaii because the social climate in the late 1940s on the mainland U.S. did not approve of mixed-racial marriages. Once in Hawaii, Davis began to communicate directly with the Soviet Union.

Obama's handlers decided to stick with the phony story that the Goat Herder was his father. Had it been divulged that Davis was his father, he would not have had much of a chance for political office of any kind, let alone president.

His handlers figured - correctly - that they would be able to skirt the issue of citizenship by refusing to confront the issue of a birth certificate. With the help of the pro-Obama media, they were able to do this. Citizenship questions were usually ridiculed or ignored.

The question of citizenship was actually a "red herring" since the real story was that Obama's biological father was not only the chief

communist organizer in the Hawaiian Islands, he was also a 55-year-old lecher and a pornographer.] He wrote a pornographic book entitled "Sex Rebel: Black." Most of the copies of this book have been bought up -- probably by Obama sympathizers.

→ The last time I checked, a copy was selling for about \$700. Do an online search for "Frank Marshall Davis" Sex Rebel: Black.

By → Obama learned that Davis was his biological father when he was about 12 years old. [The reason that Davis was Obama's mentor was because Ann wanted him to establish a relationship with his biological father. She arranged to have him visit with Davis on a regular basis. This took the child-rearing pressure off of her; at the time, she was living in Indonesia, with her Indonesian husband and their small daughter.

Under ethical circumstances, Obama should be impeached, convicted by the Senate, and expelled from office for lying to the American people.

→ I will add that it's quite likely that Frank Marshall Davis also had sex with a young Barack, his biological son. Davis was a monster pervert who knew no boundaries.

→ This poem, allegedly written by Obama, but perhaps by Davis, is disturbing for the implication of an incestuous pedophile homosexual relationship between Davis and Obama:

Pop

Sitting in his seat, a seat broad and broken
In, sprinkled with ashes,

Pop switches channels, takes another
Shot of Seagrams, neat, and asks
What to do with me, a green young man
Who fails to consider the
Flim and flam of the world, since
Things have been easy for me;
I stare hard at his face, a stare
That deflects off his brow;
I'm sure he's unaware of his
Dark, watery eyes, that
Glance in different directions,
And his slow, unwelcome twitches,
Fail to pass.
I listen, nod,
Listen, open, till I cling to his pale,
Beige T-shirt, yelling,
Yelling in his ears, that hang
With heavy lobes, but he's still telling
His joke, so I ask why
He's so unhappy, to which he replies . . .
But I don't care anymore, cause
He took too damn long, and from
Under my seat, I pull out the
Mirror I've been saving; I'm laughing,
Laughing loud, the blood rushing from his face
To mine, as he grows small,
A spot in my brain, something
That may be squeezed out, like a
Watermelon seed between
Two fingers.
Pop takes another shot, neat,
Points out the same amber
Stain on his shorts that I've got on mine and
Makes me smell his smell, coming
From me; he switches channels, recites an old poem
He wrote before his mother died,
Stands, shouts, and asks
For a hug, as I shink, my
Arms barely reaching around
His thick, oily neck, and his broad back; 'cause
I see my face, framed within

*Pop's black-framed glasses
And know he's laughing too.*

— Barack Obama

Note the following passage from the poem:

*Pop takes another shot, neat,
Points out the same amber
Stain on his shorts that I've got on mine, and
Makes me smell his smell, coming
From me....*

That's very weird, isn't it? But everything about Obama's life is the antithesis of the ideal.
The man is truly sick and should be removed from office.
